KG@B 2015

International Conference on Groundwater in Karst

20-26 June 2015, Birmingham, UK

A three-day oral and poster presentation program with an optional mid-conference visit to local underground limestone mines.

Pre- and post-conference field trips will visit three contrasting karst groundwater systems: the Cretaceous chalk, Jurassic limestones and Carboniferous limestones.

A pre-conference workshop is designed specifically for practitioners and there will be optional workshops for researchers as an alternative to the mid-conference field trip.

Key dates

- Registration is now open
- Abstract deadline: 14th March 2015 (see the [abstracts](#) page for further information)
- Registration deadline: 7th May 2015
- Late registrations will be accepted up to 15th June 2015 but will be subject to a £40 surcharge

The conference will be the annual meeting of the International Association of Hydrogeologists Karst Commission and of the International Speleological Union Commission on Karst Hydrogeology and Speleogenesis. It is also sponsored by the Karst Commission of the International Geographical Union, the British Cave Research Association, the British Geological Survey, the Hydrogeology Group of the Geological Society of London and the International Association of Hydrogeologists GB Chapter.
